

Acknowledgments

First, I would like to express my gratitude to God and pray for the continued blessing in health and mind that he bestowed upon me and my family.

Secondly, I would like to express my sincere thanks to my teacher and university supervisor Mr. Amen Ajroud for his invaluable guidance, constant support and attentive supervision. I benefited greatly from his advice, input and scientific expertise throughout this project.

I would like to express my deepest gratitude to my parents Mahfaudh and Latifa for their love, their support and for the sacrifices they have made throughout my life. Their encouragement and confidence in me are a source of motivation and determination, and I pray for their health and continued approval.

Finally, I would like to extend my heart felt gratitude to the esteemed members of the jury for honoring me with their presence and agreeing to evaluate my work.
